

EXTERNAL TRACKER

URL: https://labservices.nimhans.ac.in/external_nptracker/

Enter the username and password assigned by the Sample Tracker admin to the external hospital to login.

Example:

Username: Apollo

Password: xyz

The screenshot shows the login interface of the External Tracker. At the top, there is a green header bar with the National Institute of Mental Health and Neurosciences (NIMHANS) logo on the left and the text "NATIONAL INSTITUTE OF MENTAL HEALTH AND NEUROSCIENCES" on the right. Below the header, the login form is centered. It features a large circular logo of NIMHANS at the top, which includes a swan and the text "NATIONAL INSTITUTE OF MENTAL HEALTH AND NEUROSCIENCES" and "समस्त योग उच्यते" in Sanskrit. Below the logo, there are two input fields: "Name" with the value "Apollo" and "Password" with a masked value "xyz". A blue "Login" button is positioned at the bottom of the form.

Image1: External Tracker Login Page

After clicking login button, if the login credentials are valid, user is directed to the landing page with 2 buttons: “NEUROPATHOLOGY LAB” and “AUTOIMMUNE LAB”.

Image2: Landing Page

Click on the “NEUROPATHOLOGY LAB” button to go to the External Tracker home page.

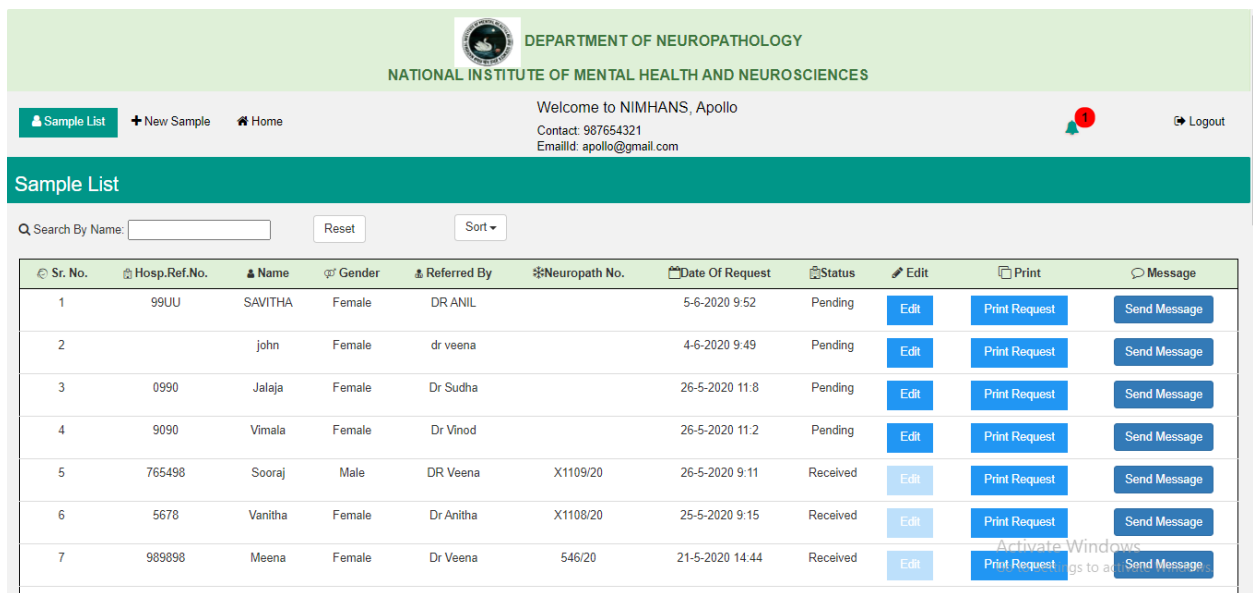

Image3: External Tracker Home Page

In this page, the user can see the list of external samples (LATEST FIRST order) with various details. If the sample is received at the receiving station of NIMHANS NP LAB, status in this table shows “Received”. If not received, then the status will be “Pending”. If the sample report is verified after all processing, status will be “Verified”. If the sample is received, we can see the NP No assigned to that sample. Otherwise that column will be empty. Also if the sample is not received, the button “Edit” is enabled for editing the sample details. Otherwise it is disabled. There is button called “Print Request in the sample list table for displaying the added sample details. From the preview page, user can download the page . At the right upper corner shows the external transaction id which is the number which will be scanned at the receiving station of NIMHANS NP LAB to fetch sample details with test details and display in different fields in the receiving station page.

Image6: Send Message Page

At the left top part of the home page, there is a button called “+ New Sample” for adding new external samples, which upon clicking directs to the page “Patient Registration”. Here all fields are mandatory except Hospital reference number, previous biopsy number and upload files. Mandatory fields are marked in red color asterisk. For payment, user has to select either DD or Online Transaction and fill in the corresponding fields. Only if all the mandatory fields are filled, the “Add Sample” button at the bottom is enabled. Otherwise it will be disabled.

To add test details for the sample, user has to fill all the fields such as specimen, biopsy type, biopsy site, number of samples in that row and click on the “+” button to add that details with the sample details. If user want to delete any row which is already filled, click on the “-“button. Amount for the tests is displayed in the “Amount” field.
